DETAILED ITINERARY

We depart from your hotel at 08:00 and take a leisurely drive along the West Coast, through Tableview, Blaauwberg and Melkbos, onto the R27 towards !Kwa ttu, a fascinating Khoisan Reserve. Here you can choose from a variety of 45-minute tour experiences or simply enjoy the numerous displays.

Our next stop is a traditional farm stall before driving through Yzerfontein, which is popular for seasonal whale watching. A leisurely drive through the West Coast National Park, often teeming with birdlife, various bucks, and the occasional zebra, follows.

Around lunchtime we explore the Village of Langebaan, getting a bite to eat at one of the many seaside restaurants and cafés. This is followed by a visit to the West Coast Fossil Park and drive to the picturesque fishing village of Paternoster, where the shoreline is scattered with white lime-washed fishermen's cottages giving the area some 'old world charm'.

If time permits you can unwind with a wine tasting or coffee at The Wine and Tasting Lounge or seaside cafe before making our way back to your hotel.

BASIC ITINERARY

Professional tour guide with Advanced drivers certificate

Bottle water
